Mr. Chungnyeong Kim is a partner at Shin & Kim and his practice focuses on patent, trade secrets, and copyright litigation and advisory services.

Mr. Kim's expertise centers around patent and trade secret cases, primarily in the pharmaceutical and biotechnology sectors, including patent infringement and invalidation cases related to selection invention and use invention of pharmaceutical products, and trade secret cases related to botulinum toxin. Mr. Kim has also handled a number of intellectual property cases, including a copyright case related to retransmission between a terrestrial broadcasting company and a cable television service provider (SO).

Mr. Kim graduated from Seoul National University College of Pharmacy (summa cum laude), earned his J.D. from Seoul National University School of Law, and is currently a Ph.D. student at Seoul National University School of Law.
