Attorney Lee currently provides civil and criminal litigation and advisory services at Shin & Kim in cases involving intellectual property rights, trade secrets, data, and personal information.

Drawing from her expertise in science and technology, Ms. Lee handles various dispute cases involving patents, trademarks, copyrights, trade secrets, unfair competition and personal information, while also providing related advisory services. She also handles general civil and criminal cases involving technical issues and corporate advisory work.

Ms. Lee graduated as valedictorian from the Department of Chemical Engineering of Hanyang University's College of Engineering. She earned a Masters degree from the Department of Bio and Chemical Engineering from KAIST's College of Engineering, and further graduated with honors from Seoul National University's Law School and passed the 12th Bar Examination.
